

Voltarol Joint & Back Pain Relief 2.32% Gel

Uses

For the local symptomatic relief of pain and inflammation in trauma of the tendons, ligaments, muscles and joints, (e.g. due to sprains, strains and bruises) and localised forms of soft tissue rheumatism.

Dosage

14 years and over: depending on the size of the affected site to be treated 2-4g (a circular shaped mass approximately 2-2.5cm in diameter) should be applied 2 times a day (preferably morning and evening). Rub gently onto the skin. Limit treatment to 14 days. Under 14 years: not to be used. Also available GSL as Voltarol Joint Pain Relief 2.32% Gel.
