

Oralieve Moisturising Dry Mouth Relief Gel

Uses

A moisturising and soothing mouth gel to relieve the symptoms of dry mouth. Helps supplement the natural protective enzyme system in saliva. Ideal for night-time use.

Dosage

Adults: apply a pea-sized amount of the gel around the inside of the mouth, covering the cheeks, gums, tongue and roof of the mouth. Massage the gel fully in. Can also be used on dry and cracked lips. Apply as required.
