

# Otex Sodium Bicarbonate Ear Drops

## Uses

To soften and help remove hardened wax from the ear canal.

## Dosage

Adults, the elderly and children: tilt head and gently squeeze 3-4 drops into the ear. Keep head tilted for a few minutes then wipe surplus with a tissue. Repeat in the other ear if necessary. Use twice daily if necessary for up to 5 days while symptoms clear. Children under 5 should have their earwax diagnosed by a doctor before use.
