## **Olbas Oil**

#### Uses

Inhalation: for relief of bronchial and nasal congestion caused by colds, catarrh, flu and hayfever, rhinitis and minor infections of the respiratory tract. Topical application: for symptomatic relief of muscular pain and stiffness including backache, sciatica, lumbago, fibrositis and rheumatic pain.

#### Dosage

As an inhalant: Adults and children over 2 years: Add 2-3 drops on a tissue, or add to hot water and inhale the vapours. Infants 3 months to 2 years: Add 1 drop to a tissue and hold close to nose, allowing child to breathe in vapours. Keep out of child's reach. Not suitable for babies under 3 months old. As a rub: 12 years and over: Massage into the painful area 3 times a day.
